

Cutter 10880

- Robust professional metal cutter for sharp cuts and smooth edges
- Geprüfte Sicherheit (GS) – certified by TÜV Süd
- Especially robust thanks to durable metal housing
- For frequent household and hobby use, for DIY or home improvement projects
- Lockable snap-off blade made of stainless steel for precise cut edges – simply push the blade forward until it locks automatically
- With metal blade guide for safe handling and controlled cuts
- Use the integrated blade-snap feature in the handle to ensure you always have a sharp blade.
- Ergonomically shaped metal handle with ribbed surface for secure grip

Article number	10880-16222
